

consider very carefully the possibility of losing some treasures of this state and I would yield some of my time to Senator Nelson.

SPEAKER BARRETT: Senator Nelson.

SENATOR NELSON: Thank you, Senator Chizek, I did have my light on. Even though this is not...maybe someone would say, well, Arlene, this is not in the Grand Island area. This does mean a lot and I don't know if my support is any good or not when I couldn't even get \$6,000 to coordinate volunteers, but again, we can be penny wise and pound foolish and those people have truly gone out and tried to work very hard and matching money, matching money is at stake. It isn't something that we can put off another year or two years or three years because their effort has...would almost go down the drain and, again, this is as important to the people as probably their priorities for the Lied Center. I'm not saying that, but it is important to remember by turning down this vote, in essence, they are going to lose what they have gained and they do have to have a place to display the art the same as some of the other things that we should save and preserve for our future generations and with this, I do support it. Well, I'll just quit there. I do support it. Thank you.
